Learn how to enhance your website

## Learn Design

Like any other coding tutorial

Hello, I'm [Divyanshu from India](#), and for the last 3 months I've done work in designing and development.

I noticed programmers often have difficulty with design for a website or application. Functionality comes first, and design is left in the dust.

There is no trick to design, it's just a number of rules and guidelines to learn and follow, just like any class or object oriented function.
